Address and Map here: <https://www.datanet.co.uk/ark-address/>

Description

ARK Data Centres Farnborough comprises of 6 detached data centre buildings, Datanet occupy Building A101 which is a steel constructed building behind 4M high security fences with 24x7 security personnel on site. The data halls benefit from advanced fire and smoke detection systems with gas fire suppression. The facility is a high security data centre campus with 24x7 security, day night and weekends with CCTV on the access routes, perimeter of buildings and within the data halls. Access is strictly controlled by multi-factor biometric and pin coded locks and air locks at the entrance to the data halls. Customer access is restricted to the minimum level required to access their own racks each of which has additional combination locks.
